PREPARATORY PROGRAM FOR CADETS

Roscosmos announced a set of people willing to fly into space for a number of developed, unique programs.

MIC "GALAKTIKA" invites everyone to take our preparatory program, which will help you in the future to successfully pass the selection of groups wishing to participate in an alternative Program of space exploration and to visit virtually or actually on any planet using super innovative technologies.

What is included in our programs?

1. Level: recovery.

Initial and daily testing of the client on 27 indicators with the calculation of the risk of sudden cardiac arrest, the state of energy and blood at the moment.

2. Level: cleansing.

The program of cleansing the body at the cellular level, which allows you to remove even heavy metals. Up to 10 treatments daily for 2 weeks.

3. Level: individual examination.

Conducted functional diagnostics of the client to develop an individual recovery program.

4. Level: prophylaxis.

An anti-parasitic program is being implemented to eliminate chronic infections such as chronic hepatitis, etc. Neutralization of pathological matrices.

5. Level: rehabilitation.

The program of management of internal energy, which allows to improve the physical performance of the client. This program is worked out on athletes.

6. Level: rejuvenation.

The program of restoring the functions of organs and body systems in this case applies the program of Juvenology - rejuvenation and life extension.

7. Professional level 1.

A mental power management program that promotes the development of hidden opportunities. Dancing on broken glass, walking on a fire.

8. Professional level 2.

Training program on the study of protective psycho. Cadets are learning the basics of hypnosis, protection from it, and other techniques.

9. Professional level 3.

The program of learning to create your own phantom and its management, the curvature of space and its practical application.

This program was developed by our specialists on the basis of the author's methods and technologies that we use in everyday life for our clients in centers for the rehabilitation and restoration of the functions of organs and systems.

In addition, we have developed programs to restore reproductive function in men and women. This makes it possible to conceive on Earth under conditions close to cosmic. From foreign sources, we know that all children conceived in such conditions became geniuses (Indigo) in different areas.

This training will take place all cadets who

You can also send your selfie to any planet and into far space, by registering in the Single Directory "Residents of the planet Earth."

With the terms of registration you can find on our website
